PART 3

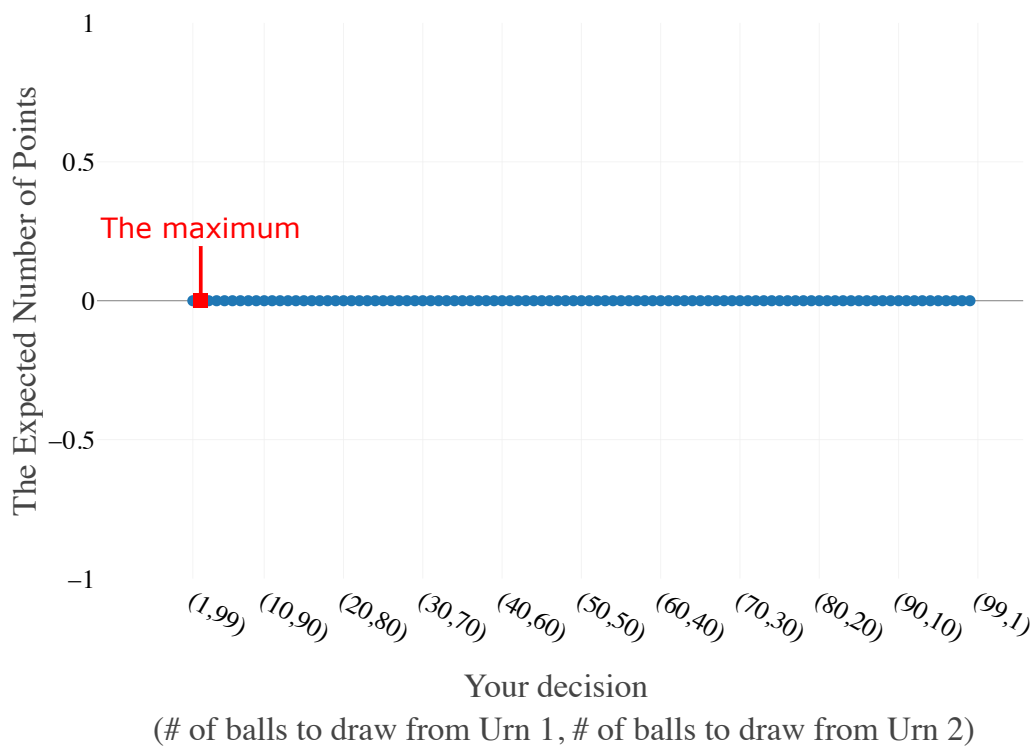
Round 2 (out of 50)

Simulator

Your Guess about # of GREEN balls **YOU** received

Your Guess about # of GREEN balls **YOUR TEAMMATE** received

0 | 0 | Calculate



Conditional on that you received **0** Green balls and your teammate received **0** Green balls, the expected number of points is maximized when you draw **1** balls from Urn 1 and **99** balls from Urn 2. You are expected to earn **0.00** points.

Make your decision!

From Urn 1, draw **NaN** balls

From Urn 2, draw **NaN** balls
